

International Summer School on Bilingualism and Multilingualism (ISSBM 2022)

Chemnitz University of Technology
ACROSS - EUROPEAN CROSS-BORDER UNIVERSITY

September 12th-16th 2022

Website: <https://sites.google.com/view/issbm2022-across/home>

The European Cross-Border University (ACROSS) is happy to announce the “International Summer School on Bilingualism and Multilingualism” (ISSBM 2022), taking place at the Chemnitz University of Technology, from the 12th to the 16th of September 2022.

The international summer school is intended for all those students interested in the field of Linguistics with a focus on bilingualism, multilingualism and second language acquisition. We will also cover topics related to heritage and minority languages. This summer school will offer an immersive and interdisciplinary learning experience on multiple aspects related to multilingualism, facilitated by access to international networks.

This summer school is financed by ACROSS - EUROPEAN CROSS-BORDER UNIVERSITY. We will accept 20 students in situ and 20 online.

We will provide 15 students with a scholarship. The priority for scholarships will be for students of the ACROSS universities (<http://across-university.org/about/>); students from Chemnitz won't be refunded. If selected you will be booked at a hotel for 6 days (11.09-16.09), your flights will be reimbursed (up to 300 euro) and you will receive a per diem (22,40 euro).

Online attendance is free.

What participants will get:

- A five-day immersive learning experience comprising different aspects of multilingualism
- Workshops on psycholinguistic and quantitative methodologies
- The possibility to share a research project and receive feedbacks from international experts
- The chance to create a new network with people interested in similar topics

Together with the courses, all attendees will have the opportunity to present their work in a research session; students will have the opportunity to present current or previous projects, upon abstract submission (it is not compulsory). If you are interested in this opportunity just specify it in the application e-mail and attach an abstract of your work.

Scientific organizers:

Dr. Greta Mazzaggio, University of Nova Gorica, Slovenia.
greta.mazzaggio@ung.si

Dr. Paolo Lorusso, University of Udine, Italy.
paolo.lorusso@uniud.it

Confirmed Instructors:

Paolo Lorusso (University of Udine),
Greta Mazzaggio (University of Nova Gorica),
Penka Stateva (University of Nova Gorica),
Artur Stepanov (University of Nova Gorica),
Angelo Variano (University of Udine),
Alessandra Zappoli (University of Nova Gorica).

Registration deadline: July 31st, 2022. Participants will be notified in one week and registration will be confirmed immediately after.

If we receive more registrations than the number of available slots, selection will be made on the basis of applicants' CV and motivation letter.
