BANDI E OPPORTUNITA'

Call for proposal for ERC Advanced Grant - ERC-2020-ADG

ERC Advanced Grants are designed to support excellent Principal Investigators at the career stage at which they are already established research leaders with a recognised track record of research achievements. ERC Advanced Grant Principal Investigators are expected to be active researchers and to have a track record of significant research achievements in the last 10 years which must be presented in the application.

Principal Investigators will demonstrate at least 1 or more of the following benchmarks: 10 publications as main author; 3 major research monographs. Other alternative benchmarks which could be for example 5 patents granted; 10 calls per rate presented at international level conferences; member of the organizing committee of 3 established international congresses; max grant must: 2,500,000 € for a period of 5 years. It is possible to request an additional of € 1,000,000.

Deadline: **26 August 2020 17:00:00** Brussels time

H2020 SC1-PHE-CORONAVIRUS-2020-2

ERC Advanced Grants are designed to support excellent Principal Investigators at the career level. The EC has launched the 2^o Coronavirus call for an Expression of Interest for innovative and rapid health-related approaches to respond to the pandemic and to deliver quick results for society. Call action types are RIA, IA and CSA COHORT. There are 5 topics: 2A (Repurposing of manufacturing), 2B (Medical technologies to improve surveillance and care), 2C (Social and economic impacts), 2D (Pan-European COVID-19 cohorts), 2E (Networking of existing EU and international cohorts of relevance).

Projects involve at least 3 entities from 3 different countries from the EU and Associated Countries (the average consortium size is around 10-12 participants). Evaluation: max 2 months after the deadline. Project costs are eligible from the day of submission, at the applicant's risk. Project outcomes should be rapid (within 3-24 months) and proposals can be concise to focus on the essential information. Project start: max 4 months after the deadline.

Deadline: **11th June 2020 17:00:00** Brussels time

CEPI call for proposals: Achieving an Unprecedented Acceleration of Vaccine Development and Global Manufacturing Capacity to Prevent COVID-19 Crisis

CEPI has launched a second call, to all types of organization, to submit proposals for funding applications to accelerate the development of a Covid-19 vaccine. The objective of this Call for Proposals is to support the rapid development of vaccines with a goal of achieving licensure/emergency authorization in 12-18 months or less and to ensure the availability of sufficient doses for wide-spread global deployment as soon as possible in 2021.

Eligible applicants are all types of organization: for-profit companies; non-profit organisations; international institutions and foundations; joint R&D ventures; government research organisations; and other vaccine developers. Applicants must be independent legal entities, or consortia comprised of legal entities. The main applicant, or for a consortium at least 1 of the members, must have experience in human vaccine development. Deadline: 30/06/2020. For more information, contact cfp@cepi.net

Deadline: **30/06/2020**
