BIODIVERSA + "Supporting the protection of biodiversity and ecosystems across land and sea"

The European Biodiversity Partnership has opened a call for the following themes:

1. Knowledge for identifying priority conservation areas, establishing effective and resilient ecological networks, enhancing species-based protection and preserving genetic diversity
2. Multiple benefits and costs of biodiversity and ecosystem protection: synergies and trade-offs
3. Effective management and equitable governance to deliver bold conservation outcomes

For the Italian beneficiaries the funding entity is the Ministry of University.

Deadline for pre-proposal: **30/11/2021**, h 15:00 CET

Deadline for full proposal: **14/04/2022**, h 15:00 CET

PFIZER GLOBAL MEDICAL GRANTS - Request for Proposal "Antimicrobial Stewardship (AMS) Programs to Address Health Inequities arising from Socioeconomic Disparities in USA, Europe, Japan, South Korea, Australia and New Zealand"

The purpose of this RFP is to solicit programs that have identified a disparity related to socioeconomic factors (such as race, culture, gender, and age) within resource limited healthcare centers that disproportionately impacts appropriate antimicrobial use (antimicrobial stewardship) for that socioeconomic population, and that propose an intervention to address the disparity, to improve measurable patient outcomes for these underserved patient communities.

Deadline: **15/12/2021**, h 17:00, New York time

INTERNATIONAL OPEN ACCESS WEEK - 25-31 Ottobre 2021

L'International Open Access Week è un evento globale volto a sensibilizzare la comunità scientifica sui potenziali vantaggi dell'Open Access. In occasione della quattordicesima edizione dell'International Open Access Week, vi segnaliamo i seguenti due eventi:

1. *Openness beyond access*

Eurac Research organizza un seminario online e una tavola rotonda che vedrà la partecipazione di due relatori da Amsterdam e Heidelberg: Helena Cousijn ci parlerà di identificatori persistenti e condivisione dei dati, mentre Bernd Pulverer tratterà la tematica dell'open peer review.
